

## BIOGRAPHY FOR COLETTE

COLETTE DE GAGNIER has dedicated her life to serving others through the transformative beauty, power and mystery of the creative arts. Colette is a visionary artist and designer, a creative consultant and coach, a performer of mystical poetry, and the creator and publisher of *GATEWAYS OF THE DIVINE: An Illuminated Manuscript for the Modern Age*. Created over the course of ten years, this limited artist's edition is being widely used as a transformative tool of wisdom and inspiration. In 2002, *GATEWAYS OF THE DIVINE* was also featured in an interfaith service of remembrance at Washington National Cathedral in Washington, D.C., to commemorate the first anniversary of 9/11. Prior to the creation of the *GATEWAYS*, Colette was an award-winning photographer of ritual and dance, and has since edited two videos about her work, *Dancing with the Divine*, and *The Vision and Healing Artistry of Colette*.

In 2006, Colette was the Program and Artistic Director for Wisdom University's *NEW CHARTRES SCHOOL*, a mystery school gathering annually at Chartres Cathedral in France for seven years. During the inaugural initiation at Chartres, Colette's ceremonial role was as the Oracle of the Divine Feminine, embodying Her consciousness through spoken passages of poetry and mystical writings.

Colette is currently working on a multi-media project entitled, *ALCHEMY OF THE DIVINE: Visions of Initiation and Transformation*. This initiatory journey into the alchemical mysteries will be offered through a book, a film, and an online *ORACLE OF ALCHEMY*.

Colette delights in supporting other visionaries through her *ALCHEMY OF CREATION* coaching work, and in helping them to create powerful promotional materials through *MYSTIC ALCHEMY DESIGN – Illuminating Design for the Visionaries of Our Time*.
